## Our Mission

ElizaChat provides clinically-trained mental health support to every student through an accessible, empathetic AI-powered platform that serves as a tier-one resource for school districts nationwide.

## The Problem

**1 in 5 students** experience mental health challenges, yet only 20% receive needed support

**School counselor-to-student ratios** exceed 1:400 in most districts (recommended ratio is 1:250)

**Limited access to mental health resources** during evenings, weekends, and school breaks

**Rising concerns** about student privacy and stigma when seeking help

## Our Solution

ElizaChat provides a comprehensive approach to student mental health through our three-pillar methodology:

**Lift:** Immediate support available 24/7 for students experiencing difficulties

**Guide:** Evidence-based techniques to help navigate challenges using cognitive behavioral approaches

**Amplify:** Goal-setting and personal development tools to help all students thrive

## Leadership Team

Led by a founding team of four seasoned executives with backgrounds from Google, Aktify, and VIA, bringing together expertise in AI technology, software engineering, and strategic sales. Our leadership combines over 50 years of collective experience in building AI-driven solutions and scaling technology companies.

## Clinical Advisory Board

Guided by a Clinical Advisory Board of five licensed mental health professionals, including clinical psychologists, social workers, and school psychologists with specialized expertise in adolescent mental health, dialectical behavior therapy (DBT), cognitive-behavioral therapy (CBT), and school-based mental health services.

## Key Differentiators

**Universal Accessibility:** Available to every student in participating districts

**Clinically Informed:** Developed with our Clinical Advisory Board of mental health professionals

**Privacy-Centered:** FERPA and HIPAA compliant, with complete student confidentiality

**Comprehensive Approach:** Supports all students, not just those in crisis

## Strategic Partnership

Partnered with the Cook Center for Human Connection to leverage their established relationships with 400+ school districts and expertise in educational mental health services.
